ENGINEERS ARRIVE

(Continued from Page 1)

Civilians will probably be used for the work, even on the launches and boats. Enlisted men, it is expected, are not to be employed at all.

Mr. Woodman, who came down on the Aorangi under orders from Washington, is from Seattle just now. He worked on the deep foundations of the big new dock at the Naval Station there, and also worked on some of the biggest buildings in the place. His specialty is reinforced concrete, and he is ranked as a first class architectural draftsman. The sending of this expert, who worked on one of the largest of the new docks, is significant in consideration of the semi-official reports to the effect that the new dock at Pearl Harbor is to be of the same class.

MONEY TO CLEAN CITY.

"The \$15,000 will not be available for the cleaning of Honolulu," stated W. O. Smith this morning. "Governor Frear and I worked on the matter hard, but it could not be gotten through so that the money could be used except in a case of great emergency."

WATERBURY NOTES

SIBERIA'S LIGHT CARGO.

The P. M. S. S. Siberia, Captain Zeeder, arrived in port about 9:15 o'clock this morning, from San Francisco, en route to the Orient, bringing a long list of Honolulu passengers, and some freight. She also had 200 bags of mail.

The Siberia was met outside by the postoffice men, and the first class mail brought in before she docked.

She had little more than 1000 tons of freight in her hold, of which about 30 tons, only, were for this port. Three Japanese left her here, and seventy took passage from this port. As the steamer was already well filled, this port of the boat will have a crowd through the rest of the voyage which will make up for the comparatively small number in the cabin. This far on the trip, she has had beautiful weather, and no excitement on board.

Among the stopover passengers who will go out on her will be Professor Koch and wife. She leaves at 5 o'clock this afternoon.

Pacific Mail people say that the reason for the small amounts of freight now being shipped across the Pacific is the fact that the railroads in the United States, on her feet after the big fire, practically closed their routes to eastern houses shipping to the Orient.

DIX WITH MULES.

The U. S. A. T. Dix, Captain Anders, arrived here this morning, after a pleasant trip from San Francisco, en route to Guam and Manila. The freighter has in her 324 head of live stock. The animals had to be taken out for exercise, and the mules, especially, attracted a great deal of attention as they were led through town this morning. The boats number 192.

The Dix has twenty-four passengers, only one being in the first cabin, Lieut. Scott Baker.

She has no freight.

The popular quartermaster's clerk, Lieutenant James D. Clark, has replaced Lieutenant Garrity, who was well known in this position here.

The A. H. S. S. Virginian sailed yesterday afternoon for Kahului to load sugar. It is thought possible that she took out with her Private Pool, wanted for grand larceny, who gave the police the slip from Fort Shafter, and the boat may be looked over at Kahului, to keep tab on all avenues of escape.

THE AMERICAN BARK Amy Turner, 14 days out of San Francisco, arrived yesterday morning with about 500 tons general freight. She was rushed down to load sugar.

THE TUG INTREPID had a part of her upper works smashed Friday afternoon while rounding under the bows of the Irugard to take the tow line.

THE FORT GEORGE, American ship, made a great passage around the Horn to New York, arriving on Friday, from this port, 161 days out.

THE HAWAII is now lying in the stream, waiting to sail at 2 o'clock tomorrow afternoon. Leaky decks are being caulked.

E. E. CASTLEDERRY is wanted by the police for breaking from the brig at Camp Very Saturday afternoon at 2 o'clock.

THE MIKAHALA is being overhauled to take up the Molokai run now handled by the Iwalani.

THE IVALANI arrived Sunday morning from windward ports.

GLEN QUINN ADMITTED TO PRACTISE LAW

Karrel Glen Quinn was this morning admitted to practice law in all the courts of the Territory. Some time ago Glen resigned as bailiff of Judge Robinson's court, and announced the fact that he was going to practice law. He had been a court official for the past six or seven years, and had, by his own hard study, managed to gain an excellent knowledge of the law.

In recommending Quinn to be admitted to the United States District Court, United States Attorney Breckons paid him many high compliments during the course of his nominating speech.

WILL OPPOSE ALL SUNDAY LICENSES

The Anti-Saloon League is going to take special action against the granting of licenses for the selling of liquor on Sunday. This decision was arrived at at a meeting of the League which was held this forenoon in the Central Union Church parlor. Sunday selling will be opposed in all its phases, both in hotels and in restaurants. C. H. Diekey was authorized to take charge of the matter, and will lend the backing of the League to those of the License Commissioners who are already opposed to the granting of such licenses.

The League will also oppose the granting of a license to the Palace saloon on the corner of Richards and Merchant streets. This matter was not taken up at the meeting, but it was stated by a prominent member of the League that a protest would be filed, and that ex-Governor Carter was among those who were opposed to this saloon, as he believed that it was too close to the Government buildings. This saloon is owned by C. J. McCarthy.

WILL STAY AWAY

K. Ichikawa, who has been one of the secretaries of the local Japanese Consulate General, and who was transferred to the San Francisco Japanese Consulate General, since Mr. Stevens' death, has been ordered to remain there permanently by the Foreign Office.

Mr. Ichikawa's appointment to the Japanese Consulate staff at San Francisco was received by Consul General Salto last Saturday.

It is expected that a new man will be sent down here in a few months to fill the place vacated by Mr. Ichikawa.

THE WEEKLY EDITION OF THE EVENING BULLETIN gives a complete summary of the news of the day.
